

Early Education and Parent Enrichment Workshops

NEED STARS HOURS??

Early Childhood Provider and Parent Enrichment Workshops!

This series of early childhood provider and parent enrichment workshops are for families with infants through middle school-age children. Each workshop will provide ideas and delightful activities to begin using with your family or those you care for! Heather Havey holds a Master's of Education from Boise State University. She has over 15 years experience as a parent educator and is currently the Family Resource and Support Specialist for Gritman Medical Center. With her professional experience as a teacher, parent resource specialist, and child advocate, she has a wealth of information and ideas to share.
